Overview bus@gate positions

● VOP suitable for bus@gate

When a flight arrives at a pier gate and the passenger border status not corresponds with the border status of the terminal area, or if the security status does not meet the requirements 'Security conform EU' all passengers are transported by bus to a BIP corresponding the correct status.

At Schiphol, 18 pier gates are adapted to ensure a safe route to the bus. The procedure concerning these pier gates has been appointed as 'bus@gate':

Bus@gate facilities:

- Covered stairways (except C06 and D48)
- Additional handrail unto the platform
- Hook on the bridge door
- Security employee for guidance
- Safe walking route to the bus
- Guide lines
- Parking spot for the bus next to the stairs
